

Pinterest SEO Checklist 2026

Use this checklist to optimize your Pinterest strategy in 2026 for maximum search visibility and affiliate clicks — without needing a blog.

- ■ Create a Pinterest Business Account for analytics access.
- ■ Choose a niche board with SEO-optimized titles (e.g., '2026 Travel Must-Haves').
- ■ Add keyword-rich descriptions for each board.
- ■ Use Pinterest Trends to pick timely topics and tags.
- ■ Design pins in 2:3 ratio with bold, readable text.
- ■ Add your focus keyword in Pin title, description, and alt text.
- ■ Use 3–5 relevant hashtags (avoid spammy tags).
- ■ Link your pins to bridge pages: Google Docs, Medium, Notion, or Gumroad.
- ■ Shorten affiliate links (e.g., Bitly or Gumroad native).
- ■ Repin high-performing content in your niche weekly.
- ■ Schedule pins using Tailwind or Buffer for consistency.
- ■ Track link clicks and conversions with UTM or Bitly.
- ■ Repurpose best pins into Instagram Stories and Reels.
- ■ Add alt text manually when uploading to improve AEO.
- ■ Save and reuse top-performing pin formats as templates.
